About us

connecting ideas

We are Cameron

We are an events company with imagination and innovation at our core, connecting ideas and creating unforgettable experiences.

We push boundaries to banish the bland, draw a crowd, and transcend expectations.

From the big idea to the finishing touches, and everything in-between, we provide the creative spark to take your message further. And we're constantly evolving with the times to communicate that message in new and exciting ways.

**No event is too ambitious.
If you can think it, we can make it happen.**

President Suite Audio Visual

Proposal Summary

- Lectern with microphones.
- 1 central projected screen – 10.75ft by 6ft.
- 2 additional projected screens – 8ft 9” by 4ft 11” – one to sit either side of main screen to deliver vision to the full length of the room.
- Comfort Monitor for Speakers.
- All equipment required to play PowerPoint and video presentations.
- Professional PA System
- 4 table top microphones to comply with current COVID 19 safety regulations.
- 1 technician to operate throughout the Event.

£1,568.60

President Suite Audio Visual- Health and safety – Covid 19

Proposal Summary

It is likely that there will be some considerations to take into account with regard to delivering the Event safely in a COVID 19 World and they will be dictated by regulations in force at the time of the Event.

We may have to add a cost for PPE for our operators.

We have suggested 4 table top microphones so that any single microphone is not shared between speakers.

All speaker presentations should be sent pre –Event to be loaded onto laptops to avoid contact during the Event.

£1,568.60
